Comments: To Whom It May Concern,

As a resident of Montana, I do not want an out-of-state company to own this property at Holland Lake. Especially not a company that has done no environmental assessment to gauge the impact of the changes they propose. Montanans want Montana to be wild, and that includes Holland Lake. We do not want more buildings, and less trees. Please do not allow this project to go forward. And at the very least, please do not move forward without an environmental impact statement.

Thank you
