Comments: I am a Montana native, born and raised in Missoula. I spend several months a year up in my home state. Holland Lake and all the small lakes in the area need to be preserved as they are and should not become corporate conglomerates for the wealthy. Commercialization of lake areas like this destroy the natural beauty, upset the wildlife and infringe upon the locals who call this area home. Please do not allow this to be built up and destroy the integrity of what makes Montana special.
