Comments: OK I have a lot of questions. 1. Can you tell me where the new cabins to the right of the lodge will stop at the lakes edge?

2. What is the maximum number of guests which can be accommodated at one time?
3. If more land is needed, who holds title to said land?
4. Is the land upon which the new proposed structures are to be built subject to the same land lease arrangement that controls the existing Holland Lake Lodge property?
5. What restrictions if any, apply to water sports at or on the lake?
6. Where are those restrictions? In what documents/lease do such restrictions appear?
7. Is the USFS the entity that holds the land leases that cover the Holland Lake Lodge and the property upon which it sits?
