Comments: Holland Lake is a treasure that must be protected & Deprotected & Amp; accessed by all Montanans. Protecting public lands from private money that uses our environment for profiteering is a mistake. It will threaten our wild life & Deprotection or group of these treasures here are not to be held by one person or group of persons, just because they can come & Deprotection of these treasures here are not to be held by one person or group of persons, just because they can come & Deprotection of these treasures here are not to be held by one person or group of persons, just because they can come & Deprotection of these treasures here are not to be held by one person or group of persons, just because they can come & Deprotecting the Deprotecting is a mistake.
