Comments: There's no way one person or a few people should be allowed to decide what happens to this beautiful property! Montana is called the "last best place" for a reason and if we allow developers in it'll ruin it. All for money. When will we stop letting money dictate everything we do? There's enough developed places, it's time to leave the wilderness alone! And to be allowed to take out 200 trees?! It is an outrage! Please do NOT allow this project to go through as planned. And we certainly don't need internet everywhere!! You want internet- stay in the city.

Please stop this project!!!!!!
