Comments: I am opposed to the proposed changes at Holland Lake Lodge. The facility is big enough and needs no expansion. I have passed through the area many times on the Divide MTB Route. The proposed "improvements" would put a massive strain on the already fragile environment and would only be happening in the name of "bigger and better" and certainly not a place your average Montana family could afford. Please consider the long term negative environmental impacts that once negatively impacted can never truly be restored and for what? Economic benefit for a few businesses people?? Keep HLL a small business on borrowed land and do not allow any new expansion.
