Comments: I am strongly apposed to the expansion of the Holland Lake Lodge area. Changes and updates to the lodge and other buildings may be necessary but an expansion of this caliber will have a huge negative affect on the highway 83 corridor. Traffic will become insane and local people as well as those of us coming to recreate won't be able to find camp sites or use our favorite recreational areas. Holland Lake is one of the most beautiful lakes in this area and it is not a very large lake. The expansion will ruin the landscape as we know it. There needs to be consideration for the major trail head into the Bob Marshall Wilderness that will be directly affected as well. Please consider all of our concerns, as Montanans who use these areas every day!

Thank you!
