Comments: I do not support the expansion of the Holland lake lodge. The lake and facilities are fine just the way they are. Please leave it the way it is. As a Montana native I enjoy going to Holland lake and would appreciate not seeing more traffic. The reason Montana is special is it's unique seclusion. Let's not ruin this spot too. Soon it will be all for the wealthy and nothing left for the common local people. Sad because I doubt any of these comments will out weigh the massive bank accounts of the millionaires and billionaires.
