Comments: Please do not allow this project to come to fruition. Of all the places in Montana Holland Lake does not need this sort of attention. The reason Holland Lake is so special is because of the way it is. The way it is is what draws people to it. It is unique and peaceful and beautiful. This project would make it the opposite. The lodge is a gem that may be in need of restoration, but not a complete renovation gutting the entire interior. The loss of 200 large growth trees would be devastating and drastically change the landscape. Do not allow any of this. Do not sacrifice arguably one of the most beautiful places in Montana for profit.
