Comments: To Wgom It May Concern,

Please retain Holland Lake Lodge as it is. Too many places are changing in Montana...not just the landscape, the people whom make Montana the great state it is. I know the reason is for the love of money, which is horrible to me. Please help the people of Montana keep at least a few places as they have always been. Most folks love Montana for being what she is...others want to commercialize and develop her. Please do not be this change agent.

Respectfully,

Carolyn Svingen
