Title:

Comments: Forest Service, please don't let these wealthy out of starters continue to exploit and ruin Montana!!! Is nothing sacred??? Haven't we lost enough?? The Flathead area can't take anymore development. It's over ran and over used. Show the land some respect and leave it be. Show our Native American population we are actually trying to do what is best for the land. We owe it to them. We owe it to the animals and the plants. No more developing. Nature made it perfectly already. Don't tear down historic buildings either. Not everything needs to be new and flashy and cater to the rich. We are counting on you, Forest Service, to do the right thing and support actual Montanans, not the transplants that are ruining our home. Thank you for all that you already do.
