Comments: I am a native Montanan who has traveled, fished, and camped all around our wonderful state. Holland lake is one of the most beautiful places I have been to. I am sure the thought of having a company build sounds like a great idea, but ultimately commercializing Holland lake will create problems for the eco system. It will bring money, but at the cost of destroying the natural beauty. There are plenty of places in Montana for tourists and wealthy people to vacation. They don't need another one.
