Comments: As a fifth generation proud Montanan, I oppose everything about this plan. I do not support tearing down the historic lodges to build large commercially operated restaurants and luxury hotels. Holland Lake is a very special place that should not be commercialized for the rich and wealthy. I think these plans will support wealthy out of state folks, but not locals. Do not allow this project to happen. Keep Holland Lake a place for nature and solitude, without fancy hotels and restaurants.

Thanks,

Blake
