Comments: So much of what Montanans love about Montana has been lost. It is going the way of California (where I lived much of my life) by pricing housing and recreation out of the pockets of most Montanans. Holland Lodge is a Montana icon and the historic buildings and area need to be preserved. I can never live in California again due to the increase in housing and gasoline and recreation (think Disneyland). I have made Montana my home for almost 30 years and I don't want to see the same thing happen here...especially for folks who were born and grew up here.
