Comments: I am respectfully writing to OPPOSE this project. I come from a major metropolis that I is overcrowded, dirty, polluted, and destroyed. I moved to beautiful Montana over a year ago to escape corporate America, to escape the city and its politics. Unfortunately, city folk and people from states are moving here that voted to instill policies that destroyed their own states, and want to bring that asinine mentality to this beautiful state of Montana. I see corporate America destroying this beautiful state with their apartment complexes, subdivisions, HOAs, and now these corporate tourist traps. I've seen the damage done in the city of Helena: littering, homelessness, rising crime, more traffic, and rude people from the city acting as if they're still in the city. I know peoples pockets got lined for this project, but please for the love of God do not allow this project to go through. Mega corporations and their city dwelling families/supporters are destroying this state as it is, we can't let them turn Montana into California/New York. Those places have gone under for a reason.
