Comments: We need to protect our forest service lands and these historic buildings! This fact shouldn't even be in question. The "Holland Lake Lodge Facility Improvement & Expansion" title is a joke. Holland Lake should be protected and preserved as it is. If we want to keep Montana "The Last Best Place," we cannot allow the uber-rich to come in and remove these historical and magical places to create something that doesn't align with the Montana way. It is getting to the point where locals and Montana natives will no longer be able to recreate in their state. I would like to know more details on the exact plans as sometimes misinformation on projects can spread like wildfire, but with what I know and have read thus far, it is a no-brainer that this project shouldn't take place. Don't purchase a historical site in Montana to turn it into something only the super wealthy can enjoy. Most tourists who come to our great state to enjoy what Montana has to offer are here for an authentic and beautiful experience, not what they can get elsewhere. Quit trying to make Montana something it's not. I urge you to protect and preserve the Holland Lake Lodge and forest service property the way it is.
