Comments: Absolutely NO! on development of the Holland Lake area. NO, NO, NO! Leave it simple, wild, and available to all Montanans, who have treasured its natural beauty for as long as humans have been here. We don't live here in Montana so we can look at vast resorts. Let those who want this sort of facility stick to urban areas. Let them spend their money in town - then, like the rest of us, they can make the short trip to the wild and beautiful Holland Lake area.
