Comments: My family and friends have enjoyed the peace and tranquility of Holland Lake and the lodge for many years. Hiking to the falls, sitting by the lake listening to nature all around, enjoying the rustic lodge. Montana's is being destroyed by wealthy developers and out of state organizations. It would be a travesty to have Holland lakes beauty and history bulldozed down and the area changed forever. Please don't let this organization ruin this beautiful lake and surrounding area. We need to keep the beautiful places that we still have beautiful!  
Thank you
