Comments: I reviewed the plans for this project and I support the improvements being allowed to move forward. I like the fact they are not expanding their footprint and will be offering more services and amenities for everyone. Additional jobs and tax base are also going to be very positive. Sadly, too many people have the "not in my backyard" philosophy and fight every project whether it's for a business, housing development, apartment complex, etc. This appears to be a very reasonable and positive proposal. I "vote" to allow it to proceed. Thank you!
