Comments: The HLL/POWDR expansion on Holland lake should never happen. It will be taking away from the natural beauty that is there and instilling big city ideals into the serenity of the lake. People go there to disconnect and enjoy the beauty of nature. This lake should be protected from any further expansion. The cabin owners on this lake will be pushed out and priced out of their property if this happens. These cabins have decades and decades of rich family history. A sanctuary for the families to go and escape the world for a minute and enjoy the peace Holland offers. Family memories and legacies will be destroyed.
