First name: James

Last name: Lee

Organization: Lee drywall Inc

Title: Ceo

Comments: I find it completely ridiculous and insulting. That big money is allowed to influence the land the way they do, without serious backlash. I mean who gave you the right to make such outlandish decisions towards the land. Especially in a state you don't even live in, shame on you people for even considering this motion. How about spending your time and money on making the world a better place. Instead of another hotel that you rich people never stay in anyways
