Comments: To Whom It Concerns,

I am extremely against the proposed project at Holland Lake Lodge. This area is a gem for recreation and wildlife. Currently, the area around it is one of luckily less traveled by mass tourists, leaving it clean and wild for those that recreate responsibly. The proposed project is massive for such a small lake. It would completely override the campground. The charm of the Holland Lake area would be destroyed. This project seems unfit for this area. It's a historic lodge proposed to be torn down, built up to an extreme size, and modernized. With large parking lots, the area would be covered in concrete, tearing down the forest and vegetation for our wildlife. This project seems a better fit for a larger lake. Not a small gem like this one. Please be critical in your decision making process.
