Comments: My name is Amanda Wraith and I grew up a few miles from Holland Lake and spent the happiest days of my life swimming, hiking, and fishing in this magical place. I have moved to Alaska with my family, but treasure the summer and fall trips I make back to share this lake and location with my husband and children. This summer I marveled at the peace and beauty that we were able to soak up during our camping trip there and the joy of the families canoeing and paddle boarding in peace with the loons calling nearby and the deer bringing their fawns through the campgrounds. This is something money can't buy and something that money can destroy. Please do not let the planned expansion of Holland Lake lodge happen! Do not let the campgrounds expand! Please save Holland Lake so my grandchildren can experience the magic that my father experienced as a child and has been able to share with his grandchildren!

Please! Please!

Thank you for hearing a heart that breaks to think of what could happen to my favorite place on earth!
