Title:

Comments: Approving this project is a terrible idea. I was born and raised in Montana and moved to Seattle 10 years ago. When I go home to Montana to visit, it's like a breath of fresh air... the scenery is beautiful, it's quiet, it's so different from anywhere I've traveled in that it hasn't been bombarded with out of state businesses and people. Many people have special memories going to Holland Lake and the serene beauty they were able to experience. If this project is approved, it will never be the same. What's going to happen when every last beautiful piece of land is overtaken by big-city-folks who have no appreciation for keeping things the way they have been to preserve history and God's country? Regret. That's what is going to happen. There will be regret from whoever approves this just so they can make some extra money. Please don't approve this sale/project.
