Comments: Please please do not let Holland Lake Lodge be destroyed in favor of a big resort. It is a special and beloved place with a long local history. I got married there 30 years ago and it was magical! A destination resort would alter the whole Hwy 83 corridor, bringing traffic, increasing roadkill and fostering more development for ancillary services. Progress is inevitable but this is far too much too fast. Please do not let our lovely lake be destroyed! Thank you!
