Comments: I am a Montana native and it is sickening to me to see what has happened to my beautiful state. It's being taken over by outsiders and people that just want to bring urbanization and ruin all of the things Montana is known for. Please don't allow this to happen! Montana used to be the last best place but it's slowly becoming a place for the rich and wealthy who are pushing out people who are born and raised here and soon it won't be the beautiful place it once was.
