Comments: I oppose granting the improvement and expansion #61746.

The proposal would more than triple the number of potential guests, add up to 32 new buildings including a 13,000 sq ft lodge, and result in large scale improvement projects including driveways, holding tanks, etc. Improving or replacing the existing structures / infrastructure is understandable. However, drastically expanding the use of the permit area also will have a dramatic effect on the use of Holland Lake and area around the lake. I am concerned about the impact on the environment including nesting of waterfowl / loons. The expansion will change the character of the lake.

Please do not approve the project.

Thanks.
