Comments: Holland Lake has been a special place to me since I was young. My mom would always take my sister and I camping there when we were little. It was our favorite place to go. It's a special place I want to be able to share with my children one day. The thought that I won't be able to visit this special place again brings me a deep sadness. Our beautiful state is already being overrun by companies and out of staters who are making it unaffordable for locals to enjoy and recreate here. Please don't let another part of our state be forever changed for the locals who love it here.
