Comments: I am writing to express my strong opposition to the proposed Holland Lake Lodge expansion. As it operates today at its current size, Holland Lake Lodge disrupts the recreation experience for other users of Holland Lake. I have been kept up at night by music bouncing off the water from late night wedding parties trying to fall asleep in my tent. With the proposed expansion this will only get worse. More cars and visitors. The proposed expansion would not benefit the general public. Holland Lake Lodge is a very expensive place to stay and is out of reach for most true Montanans. Please do not approve this proposal.
