Comments: To who it may concern,

As a Montanan who grew up going to summer camps and making many memories on Holland Lake, I plead with you to save it's quiet beauty. The simple, peaceful space is a treasured part of my youth and I couldn't imagine bringing my children to this lake to find it crowded, trashed and disregarded by countless out of staters who have no intention of taking care of this land. Please, help us save this beautiful historic place!
