Comments: Please stop doing this to our state.. We don't need any more of the beauty taken away from Montana. We don't need more reasons for more people to come here and take up our housing and put our local family businesses out of business. Just leave Montana alone. Tell whichever corporation or millionaire that's trying to do this, to do it somewhere else. Holland Lake is perfect the way it is because it has been forever. Leave it that way. Go build a fort on Lake Michigan or something. If the Forest service really cares about the forest, instead of money. They would shut it down before it was even proposed.
