Title:

Comments: My family and I are from Ohio but we have vacationed in Montana since 1988. It's the most beautiful place in the world not to mention, the most peaceful. We keep going back for this very reason. My parents have since retired and now have built a cabin in Condon. My brother and I bring our families every summer to spend time together in this beautiful area. We hike in the Holland Lake area, fish, kayak, and swim. It's where we find peace and relaxation. This proposed project has had me up sleepless nights in frustration and anger. I can't imagine why anyone would want to take a place so natural and pristine and turn it into a commercial dump! It's not what Montana is known for and it's not what Montana is about. There are plenty of places like that... so WHY in Montana? I STRONGLY oppose this project and hope that those who truly care about preserving the TRUE Montana we know and love will STOP this project immediately. - Mindy
