Comments: My family and I strongly object to this project. This is our home, and has been for 30 years. Montana is to be enjoyed by EVERYONE, not just a select few. This project contributes to the ongoing exploitation of Montana, what was once the "Last Best Place". Eventually, if this exploitation and corruption continues, ALL of Montana will be Bozeman, and then, California. Don't push us out of our home any longer. Please keep this lake an enjoyable place for everyone. This project will do way more harm than good, not to mention the backlash by the local community. Thank you for listening to what true Montanans have to say.
