Comments: Please don't allow this big resort to be built at Holland Lake. This is one of my favorite go to places to camp. I love it for its peacefulness, it's beauty and remoteness and a place to be away from technology.

Places like Holland Lake are the reason Montana is so amazing. I grew up here and came back here after a 12 year hiatus because Montana is the last best place. Please keep it that way. Thank you, LuAnn Whale
