Comments: To whom it may concern,

I vehemently object to the proposed project as it presently stands. This project is a perfect example of how we are ruining Montana for the people that live here. Holland Lake is already being over run by the amount of recreation it sees each year and the last thing that is needed is a resort that sleeps 156 people. What is needed is to designate the lake as non-motorized and create more trails in the vicinity to spread out the pressure on the hike to the waterfall trail.

Sincerely,

Jed Whiteley
