Comments: To whom it may concern,

Please do not allow our forest to be disrupted by this project. Holland Lake is one of the only sacred, beautiful places in Montana. Holland doesn't need a resort. A resort will only contaminate the environment, destroy the beauty and hurt the forest and surrounding wildlife.

I own a house 2 miles south of Holland Lake. I purchased this property to live within the natural beauty of the mountains and to get away from the large resorts and corporations. Please consider the current residents and especially our sacred forests.

DO NOT ALLOW STRUCTURES TO BE TORN DOWN AND REBUILT AT HOLLAND LAKE. DO NOT TEAR DOWN EXISTING BEAUTIFUL TREES. Consider the impact of increased visitors and people in the area. It will cause pollution, hurt the forest and kill wildlife.

I OBJECT TO THIS BEING DONE IN MONTANA.
