Title:

Comments: I object. Please stop out of staters with big money from destroying Montana. We who have lived here and endured through hard times together as neighbors, choose no. Do not let big money ruin our state. As montana's we take care of each other. Out of staters are just here to make money off of our hard work and respect for our beautiful state. Sorry they were not as strong as us in Utah or where ever else these individuals come from. Stay strong Montana.
