Title:

Comments: I feel that this proposed development will not help the area. It will only cause more congestion and increased traffic usage on the lake and trails. There is no help to local economy with jobs since they are planning to hire immigrant labor workers from Outside the region.

I think the existing lodge and cabins could be improved or replaced but I see no reason to increase the number of cabins from 5 now to the proposed 25 plus. That is too many and too much of a burden on the water quality and the environment

Please scale down this development proposal.

Thank you
