Comments: I am strongly opposed to the proposed "improvements" to the Holland Lake Lodge. This project is completely out of character with the existing historic lodge and the pristine nature of Holland Lake. It will not only destroy a National Register listed historic site but will also likely have severe environmental impacts to a pristine mountain lake. A thorough environmental review is certainly called for. This project would continue the trend of excluding average income Montanans from their public lands in favor of wealthy out of state tourists. Please do not approve this project!
