Comments: I am strongly against the plan to expand development at Holland Lake. I would like to see the environmental study done that shows the impact this will have on this pristine area. You can attach send it to the email I listed above. This lake is a true Montana gem because of the lack of development in the area. The lodge is built on public land and therefore should not be prostituted out to a large corporation that will cut down trees and pave paradise to accomodate visitors that want the luxuries of city living. Please stop this invasion of this treasure that will forever destroy the beautiful isolation that exists there.
