Comments: Stop ruining Montana! Your getting greedy( sin), \$\$\$\$. Leave our trees, forest, hiking trails and water alone!! Bigger isn't better! I want my grandkids to know the real Montana as God had created it. I want them to experience the " great" outdoors. With everything your pushing through quietly and quickly says a lot about your character! You may want to look in the mirror and see what you've become!?! Also what your doing and how it effects so many!! Please leave it alone!!
