First name: Sandy

Last name: Mikeson

Organization:

Title:

Comments: Please please please say no to this "expansion" and tearing down of the historic buildings. This pristine lake is beautiful and so much a part of our state's natural beauty. Holland lake is a part of my childhood memories, such a fun place for our family to meet and enjoy life. To make it such a commercialized area is disturbing to think about. I hope that this corporation is not allowed to make these changes and change the splendor of this beautiful place.
