Comments: I am usually a very polite person and pretty soft spoken. However, Holland Lake is one of my top favorite places in the world, and this proposed development, and how it is being pushed through, is truly tempting me to use (bleep) expressions to voice my outrage. It reeks of deep pockets buying public servants to sell out our public land. This is PUBLIC LAND that belongs to the American People, all of them! The gateway to hike or pack into OUR wilderness! It is everyone's property, and not a giveaway to some (bleep) out of state developers that destroy everything we hold dear as Montanans, and as tree huggers and dirt lovers from around the world. This ain't Las Vegas, baby! This is prime real estate for bears, wolves, badgers, mountain lions, moose, elk deer, hawks and eagles, bull trout, and God knows how many other creatures! Keep the place as is! Do NOT permit this proposed monstrosity under any circumstances!
