Comments: This is absolutely horrible. This is not about what Montana is at all. We love our state & Department of the wilderness. We appreciate the state we live in. We love the wildlife, beautiful rivers & Department of the wildlife, which wildlife is not what they are state that away from us. If these big corporations from out of state think they can change Montana they are in for a rude of waking. Montana people will not let this happen and will do everything we can do to stop this. Money is not everything & Department of the wildlife, what they are doing is wrong. This is not what Montana is about. Shame on them.
