Comments: I oppose the expansion of the Holland Lake Lodge. I grew up camping, boating and enjoying the beautiful scenery of Holland Lake. While I do agree that the current Lodge could use a face lift, remodel and improvements. I disagree with an expansion. I believe Holland Lake is a one-of-a-kind place, tucked away in one of mother nature's most amazing valleys. I would hate to see the impact that the increased population would have on the land, the pollution of the lake, and the trail systems around the lake. I don't want a large corporation to come in and turn the lodge into a money making pit that would take away from scenery and the serenity place that Holland Lake is. Please do not allow the expansion.
