Comments: Please reconsider allowing the building of an exclusive resort for the rich, while spoiling the area for the average Montanan. Destruction of Montana's beautiful lakes and trails in order to accommodate the wealthy is not fair and not in the interest of the state and its citizens. By not giving even a 30 day notice of this invasion of our National Forest Land, it is clear that this new corporate owner, POWDR's intentions are to make money off public lands that need to be kept historically and ecologically pristine as possible while ensuring its use by everyone...not just the rich!
