Comments: We need to keep Holland Lake Lodge a place that the most Montanans can go and enjoy the beauty of this wonderful special place. I know that the people that bought it, don't want to keep it as it is, but maybe a study should have been made on their planned impacts on the area, and also gotten permission first before buying the property. We can't have another place where the rich can come and stay. This special place is for regular Montanan's.
