Comments: Please do not turn this beautiful area into a development, I understand that it has benefits to the economy but when will we start to think about our state first and not the economic benefits. We have a beautiful state that so many people want to come and visit if we continue to put up townhouses and resorts we will lose the natural beauty of the state that so many visitors come to see. What can Montana offer to its residents and visitors if all of our land is turning into resorts!
