Comments: As someone who grew up in Montana and visited Holland Lake Lodge, I feel this would be a huge detriment to the area. It's the forest service job to protect the forest and the wildlife in that area. Allowing a large corporation to build a large resort on public land and change the area in such a intrusive way would be a detriment to the area. Please do not approve this land lease, Montana doesn't need another area ruined by development for the rich and famous.
