Comments: Please! No, just no to this development. I'm a native Montanan. I've spent a lot of time, time I will always cherish at Holland Lake. It's a special place, that is in danger. It's in danger of a devastating decision on development that will ruin the intention of the Lodge. It's always been a hidden gem for people. Now, it's going to be turned over to out of staters. This is so disappointing to me.
